

The Yarn Crafter's Survival Kit

The one-page references that live in your project bag. Never run out of yarn, lose your place, or guess at a conversion again.

WHAT'S INSIDE

- **Yarn Weight Master Chart** – Every weight (0-7) with gauge, hook, and needle at a glance
- **Hook & Needle Conversions** – mm ↔ US, crochet and knitting, side by side
- **US ↔ UK Crochet Terms** – The mix-up that ruins projects, decoded – plus abbreviations
- **How Much Yarn Do I Need?** – Yardage estimates by project, blanket sizes, and the starting-stitch formula
- **Project Notes Page** – Print and keep – yarn, hook, gauge, and where you left off

Yarn Weight Master Chart

The Craft Yarn Council standard weights. Gauge ranges are over 4 inches (10 cm) in the listed stitch. Use these as starting points, then always make a gauge swatch.

#	Weight	Also called	Knit sts (4 in)	Knit needle US (mm)	Crochet sc (4 in)	Crochet hook US (mm)
0	Lace	Fingering, 10-ct thread	33-40*	000-1 (1.5-2.25)	32-42 dc	Steel-6, B-1 (1.6-2.25)
1	Super Fine	Sock, Fingering, Baby	27-32	1-3 (2.25-3.25)	21-32	B-1-E-4 (2.25-3.5)
2	Fine	Sport, Baby	23-26	3-5 (3.25-3.75)	16-20	E-4-7 (3.5-4.5)
3	Light	DK, Light Worsted	21-24	5-7 (3.75-4.5)	12-17	7-I-9 (4.5-5.5)
4	Medium	Worsted, Afghan, Aran	16-20	7-9 (4.5-5.5)	11-14	I-9-K-10.5 (5.5-6.5)
5	Bulky	Chunky, Craft, Rug	12-15	9-11 (5.5-8)	8-11	K-10.5-M (6.5-9)
6	Super Bulky	Super Chunky, Roving	7-11	11-17 (8-12.75)	7-9	M-13-Q (9-15)
7	Jumbo	Jumbo, Roving	6 & fewer	17+ (12.75+)	6 & fewer	Q & up (15+)

* Lace gauge is approximate and varies by pattern; lace crochet gauge is measured in double crochet (dc), not single crochet. When a label and a pattern disagree, the pattern wins.

THREE RULES THAT SAVE PROJECTS

- **Always swatch.** A 10-minute gauge swatch saves a whole project from coming out the wrong size.
- **Buy enough, buy together.** Get all your skeins in the same dye lot, and one extra. Dye lots vary, and a discontinued color mid-project is heartbreak.
- **Go up or down a hook** to hit gauge before you change yarn. Looser fabric: bigger hook. Tighter: smaller.

Hook & Needle Conversions

Metric to US for crochet hooks and knitting needles. When a pattern lists one and your hook or needle shows the other, this is the page.

CROCHET HOOKS

mm	US	mm	US
2.25	B-1	6.0	J-10
2.75	C-2	6.5	K-10.5
3.25	D-3	8.0	L-11
3.5	E-4	9.0	M/N-13
3.75	F-5	10.0	N/P-15
4.0	G-6	11.5	P-16
4.5	7	15.0	P/Q
5.0	H-8	16.0	Q
5.5	I-9	19.0	S

KNITTING NEEDLES

mm	US	mm	US
2.0	0	5.5	9
2.25	1	6.0	10
2.75	2	6.5	10.5
3.25	3	8.0	11
3.5	4	9.0	13
3.75	5	10.0	15
4.0	6	12.75	17
4.5	7	15.0	19
5.0	8	25.0	50

Sizes between brands can drift by a fraction of a millimetre. The mm number is the reliable one. If a pattern only gives a US letter, trust the mm equivalent and check your gauge.

WORKING WITH THREAD? (STEEL HOOKS RUN BACKWARDS)

Steel crochet hooks for thread use a separate numbering where **bigger number = smaller hook**. Common ones: 14 (0.90 mm), 12 (1.00 mm), 10 (1.30 mm), 8 (1.50 mm), 7 (1.65 mm), 6 (1.80 mm), 4 (2.00 mm), 2 (2.25 mm). When in doubt, go by the millimetres.

US ↔ UK Crochet Terms

Same words, different stitches. This is the single most common reason a pattern goes wrong. Find out which terminology your pattern uses before you start.

⚠ THE TRAP

A US pattern's **double crochet** is NOT a UK **double crochet**. The names are shifted by one step. A US “single crochet” equals a UK “double crochet.” Always check the pattern's origin or look for a terms note.

United States (US)	United Kingdom (UK)
Slip stitch (sl st)	Slip stitch (ss)
Single crochet (sc)	Double crochet (dc)
Half double crochet (hdc)	Half treble (htr)
Double crochet (dc)	Treble (tr)
Treble / triple crochet (tr)	Double treble (dtr)
Double treble (dtr)	Triple treble (trtr)
Triple treble (trtr)	Quadruple treble (qtr)
Gauge	Tension
Yarn over (yo)	Yarn over hook (yoh)
Skip (sk)	Miss (m)

Common Abbreviations

	Meaning		Meaning
ch	chain	tog	together
st(s)	stitch(es)	rnd	round
sl st	slip stitch	RS	right side
sc	single crochet	WS	wrong side
hdc	half double crochet	BLO	back loop only
dc	double crochet	FLO	front loop only
tr	treble crochet	MC	main color
dtr	double treble	CC	contrast color
yo	yarn over	beg	beginning
sk	skip	rem	remaining
sp	space	tch	turning chain
rep	repeat	approx	approximately
inc	increase	FO	fasten off
dec	decrease	WIP	work in progress

How Much Yarn Do I Need?

Typical **total** yardage for average adult / standard sizes. These are estimates – stitch pattern, gauge, and size all move the number. Always buy 10–20% extra in the same dye lot.

Project	Common weight	Typical total yards
Dishcloth	Worsted cotton	50 – 100
Amigurumi (small toy)	Worsted	50 – 150
Baby hat	Worsted	80 – 150
Mittens (pair)	Worsted	150 – 250
Cowl	Worsted	150 – 300
Beanie / hat (adult)	Worsted	200 – 360
Scarf	Worsted	300 – 550
Socks (pair, adult)	Fingering	350 – 450
Shawl (triangle)	Fingering	400 – 900
Baby blanket	Worsted	600 – 1,500
Adult sweater	Worsted	1,000 – 1,800
Lapghan / throw	Worsted	1,300 – 2,500
Queen blanket	Worsted	3,000 – 4,500

Common Blanket Sizes

Blanket	Finished size
Lovey	12–16 in sq
Preemie	18 × 24 in
Baby / receiving	30 × 30–35 in
Stroller	30 × 35 in
Crib	45 × 60 in
Lapghan	36 × 48 in
Throw / afghan	50 × 60–65 in
Twin	66 × 90 in
Full / Double	80 × 90 in
Queen	90 × 90–100 in
King	108 × 100 in

STARTING STITCH FORMULA

“How many do I start with?” Don't guess – measure:

1. Make a gauge swatch in your stitch and hook.
2. Count stitches per inch (e.g. 4 sc = 1 in → 4 sts/in).
3. Starting stitches = **width × sts-per-inch**, then add your turning chain.

Example: a 40 in blanket at 4 sts/in = 160 stitches + turning chain.

Project Notes

Print one per project and tuck it in your bag. When you pick the project back up in three weeks, everything you need is right here.
